**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I'm a proud and satisfied Sonic user and I chose it over the competition because they offer a better product at a more competitive price. And that is what we need more of; competition, better service and pricing so the service we receive is on par or better then the best offered anywhere in the world.

AT&T charges more for a slower connection and their service is unreliable at best. My friends who don't live in markets where Sonic offers their fiber service envy me, both for the speed at a better price, but more importantly their customer service. I've dealt with AT&T including recently as a mobile user and would not switch to their internet service if I could avoid doing so.

Please leave Sonic to continue raising the bar on competition, pricing, service and quality not to mention a speedy connection. There are other things that are more urgently in need of your attention at this time.

Sincerely,

Shahid Husain
